- Dry Weight (lbs): 3605
- Payload Capacity (lbs): 1045
- Hitch Weight (lbs): 380
- Number Of Fresh Water Holding Tanks: 1
- Total Fresh Water Tank Capacity (gal): 30

OPTIONS & EQUIPMENT

Three Years of Warranty Coverage

We're proud to back our RVs with a three-year limited structural warranty plus a one-year limited manufacturer's warranty. We offer such complete coverage because we're confident in the RVs we build. And because freedom from worry is the best travel companion.

Exclusive TuffShell™ Walls

Stand up to the elements without being weighed down. Using TuffShell™ vacuum-bonded lamination our walls combine welded aluminum framing fiberglass sidewalls and metal backers ensuring your camper can handle the toughest conditions. We apply 144 tons for 16-18 minutes to ensure 100 percent adhesive coverage and curing. (Select models.)

Starcraft EcoAdvantage™ Our Company's Commitment to Protecting the Environment

Through smart sustainability efforts we're creating better ways to build RVs using fewer or renewable natural resources. We won't get there overnight. But after more than 50 years as an RV manufacturer we know how commitment and unwavering passion pay off. This is our commitment to you—to build a better RV so that we can all do our part to protect the planet.

Camp More Camp Longer

Extend your camping season with climate packages featuring forced air heating and enclosed underbellies (most models).

* To prevent freezing and damage our RVs should be winterized if they will be exposed to temperatures that will fall at or below 32°F (0°C). Starcraft's limited warranty does not cover damage caused by freezing.

The Best RV Roof. Period.

Reinforced crowned truss roof rafters with 3/8" fully walkable roof decking— strength tested to 4 500lbs—up to 50% stronger than the competition! Engineered to last! Your roof is a vital part of how your trailer is held together. Do not compromise integrity that has been built and trusted for years!
